

PSHE Non-Negotiables: EYFS to Year 6

Whole-School PSHE Motto:

"We think carefully, speak respectfully, act kindly and present our work with pride."

PSHE is taught weekly through the SCARF scheme. Lessons are to be adapted to meet the needs of all learners and all sensitive issues are managed professionally and in line with safeguarding procedures.

Children will understand that each child is valued, listened to and respected. They will feel safe to share ideas and opinions without fear of judgement. Children will know that everyone has the right to pass during sensitive discussions and that different opinions are to be respected and discussed appropriately.

Children will present work according to WWB's handwriting policy and the Presentation Promise. Work will be clear, neat and legible.

In EYFS, mark-making and emergent writing are celebrated, with presentation expectations applied developmentally.

Children's spellings according to the specified term vocabulary will be encouraged to be accurate in every lesson.

Children will be able to make links in PSHE lessons to everyday life and Opportunities are provided for children to reflect on their wellbeing and personal development.

British Values and Protected Characteristics are promoted through the curriculum where appropriate and WWB will promote a shared understanding of UNICEF's Rights for every Child.
