

Year 6 Newsletter

Spring Term: Week 2 beginning 8th January

I will start this week's newsletter with the fantastic achievement of our girls at the County Finals today at Fleetwood FC's training complex. The team is made up of mainly girls from our class and they were absolutely amazing! It was very windy and at times, bitterly cold but they performed brilliantly and got all the way to the final. We had drama along the way, full of goals, penalties and even a 'You've been framed' moment for one of us but the girls were an absolute credit to the school and their parents! Unfortunately, they came up short in the final but an amazing achievement none the less! A huge thank you to all the parents that made the journey and supported the girls. It was great to see so many there and you all really helped the girls!

English- We are currently looking at older literature and the tragedy of Macbeth. This week we were introduced to the witches and looked at their predictions for Macbeth. We used the text to explain the type of characters Macbeth and Lady Macbeth are. We found appropriate synonyms and antonyms for both characters and used them when describing in our written work.

Maths- We have focussed on co-ordinates, translations and reflections this week. The children have worked really well especially within their discussion work.

Brass: We began to learn a little more about reading music this week and the pieces became a little trickier. We are learning 'O When the Saints.' They played it really well and I am sure it will continue to get better the more they practise.

PE- You may have seen on social media that the children completed a Boxercise, Hiit session this week. There were some that complained the following morning that they were aching but they all thoroughly enjoyed it and hope to do it again.

Science- This week we have looked at the circulatory system. We discussed what makes up the system and leads us nicely into looking closely how each part contributes and works within our bodies.

Art- The children were introduced to an array of different Pop art examples. They discussed and evaluated them, saying what they liked and disliked.

Have a lovely and restful weekend

Many thanks

Mr Stell and Mrs Pallister
